KEY CAPABILITIES

Any Crystal report
Publish existing Sage 300 reports, such as the PO form, to the web portal.

User permissions
Control access to each report by employee or employee template.

Lookup filters
Report parameters can use finders linked to Sage 300 or third-party tables.

Report scheduler
Run reports daily, weekly or at set times and email the PDF to users.

Extra recipients
Send a copy of scheduled output to other email addresses.

Favourites
Drag frequently used reports to Favourites for quick access.

Needs the RM back end only. Available on web and mobile. Works with all Sage 300 modules and SDK-based third-party modules.
